THE WILCOX & GIBBS' SEWING MACHINE,

HAS COMBINED with its own peculiar merits all the really valuable improvements of the highest priced machines.

SEWING MACHINES.

LANGLEY & NORMAN would inform the citizens of Newport and vicinity, that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.

We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $50, though capable of doing any work that can be done with any of the $100 Sewing Machines. au4tf

A NEW MUSIC BOOK,
OR THE
New York Musical Review,
FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, or THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Lowell Mason. Dr. Mason's last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter*, culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, viz.. To every one sending us, before 1st November, one dollar, (the price of subscription to the Review,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

TO the good People of Newport and Vicinity,—

In view of your past generous patronage, I have now at my store, 130 Thames St., a large and well assorted stock of Books and Gifts, suitable for the Holidays. And whereas, it would be utterly impossible for me to enumerate the titles of books suitable for all ages and conditions, to name thousands of elegant and appropriate presents, and whereas, the columns of this paper are inadequate to state a thousandth part of what might be said, I, A. J. WARD, Agent, do issue this my Proclamation, and do agree to sell good and cheap to the citizens and strangers of Newport and vicinity, until this Proclamation be annulled, and you are all invited to my Headquarters, No. 130 Thames St., to test the truthfulness of this my Proclamation.

Given under my hand and seal, this 19th day of Dec., A. D. 1861.

IT SEEMS UNNECESSARY, after being in the battle-field for 34 years, to come out with along advertisement, but as we have many new comers, it is right that they should be pointed to the right place to buy good articles, and at a moderate price.

I will sell Custard Cream at 30 cents per quart, according to quality, up to 62 cents for pure. Plain to very rich Cake, from 17 to 33 cents per pound. Candies from 16 to 24 cents per pound. AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State Street, opposite Kilby Street,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but though its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere.—The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber: and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHARLES MASON,
Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting there applications in a *form* to secure for them an early and favorable consideration at the Patent Office."
EDMOND BURKE,
Late Commissioner of Patents

Mr R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

An Incident on Board the Flagship Essex.

BY FANNY FALES.

The Essex off Fort Henry lay
Her port-holes open thrown;
A leaden rain fell everywhere,
And shook the very earth and air.

Hark! a-mid-ships a crash—and lo!
The hissing steam leaps out—
More deadly e'en than bursting shell,
It doth its work of ruin, well.

Gently they bear one down below,
Those men who know no fear;
And eyes are moist to see his pain.
Brief moment—they've a day to gain.

A sudden shout of victory,
And cheers ring out like bells!
They yield! they fly! our banner towers
O'er Tennessee, the Fort is ours!

The sufferer hears, and with a leap
Flies cheering to the deck;
All hail the Stars and Stripes, he cries,
And with a smile of triumph—dies.

Ah, loyal heart! so soon at rest—
Nor joy nor grief can move;
No record his on scroll of fame
Save this—enough—a patriot's name.

YANKEE.

In history, D. Gordon writes thus:

You may wish to know the origin of the word "Yankee." Take the best account of it which your friend can procure. It was a cant, favorite word, with farmer Jonathan Hastings, of Cambridge, about 1713. Two aged ministers who were at the college in that town have told me they remembered it then to have been in use among the students, but had no recollection of it before that period. The inventor used it to express excellency. A Yankee good horse, or Yankee cider, and the like, were an excellent good horse, and excellent cider.—The students used to hire horses of him, and his use of the term on all occasions led them to adopt it, and they gave him the name of Yankee Jon. He was a worthy, honest man, but no conjuror. Yankee probably became a by-word among them, to express a weak, simple, awkward person; was carried from the college circulated and established through the country, till, from its currency in New-England, it was at length taken up and unjustly applied to the New-Englanders in common as a term of reproach. Vol. I. p. 481.

If we accept this tradition, the word sprung up many years before the Revolutionary war. In a discourse delivered before the Massachusetts Historical Society May 29, 1843, Mr. John Quincy Adams speaking of the people of New England, says: "The name 'Yankee,' sometimes given them in derision, was, in its origin, but the Indian pronunciation of the word 'English.'" Vol. 20, p. 193.

A writer in *Blackwood*, vol 18, p. 362, says that "the Yankees seem proud of the title, and persuade themselves, agreeably enough, that it is derived from 'Yankaw,' the name of a warlike Indian tribe that never were conquered." Where the Scotchman found his authority we know not, but he finally falls back contentedly upon the account given by Dr. Gordon. He states that the term is applied by Europeans to the people of the United States generally. During the war of the Revolution, an association of Irishmen was formed, called "The Yankee Club of Stewartstown, in the County of Tyrone." These Irish sympathizers addressed a letter of congratulation to General Washington on the success of our arms, to which he sent an earnest and respectful answer, Jan. 20, 1784.

A correspondent of the *Gentleman's Magazine*, for March, 1783, vol. 51, p. 216, gives a curious account of a grotesque character, Thomas Poynton, who went about the streets of London, at the commencement of the Revolutionary war, singing "Yankee Doodle."

Worcester and Mr. J. Q. Adams are of the same opinion as to the origin of the word. Worcester says:

"Different etymologies have been assigned to this word; but that of Heckewelder is, perhaps, the most probable one—namely, that it is a corruption of the word 'English,' or of the French work, 'Anglais,' by the Indians of North America, which was pronounced by them 'Yangees,' or Yangkees.'"

Blockade of Charleston.

The Port Royal correspondent of the New York Tribune writes the following account of a series of evasions of the blockade at Charleston:

"The English iron steamer Commerce, nineteen days from Liverpool, arrived at Charleston, March 16, having run in by Rattlesnake Shoal, and so through Maffit's Channel, to the Harbor. It is to be remembered that this is the point at or near which the second stone fleet was sunk, in order to prevent vessels from availing themselves of the passage between the shoal and Long Island, where it was hazardous for blockading vessels to lie, both on account of the shoal and the batteries on shore. The Commerce brought a cargo of woolens, shoes, arms, and ammunition and is now loading in Charleston with cotton, and expecting to run the blockade and return to England.

"The Cahawba arrived three weeks since, and is now loading with cotton, hoping to do the same thing. The ship Mackinaw is also in port, loading with cotton and bound for an English port. One brig and two or three schooners, destination unknown, are taking in the same cargo. On the 23d inst. the steamer Caroline ran in about 11 o,clock at night from Nassau, with an assorted cargo. The pilot-boat Chase arrived on the same day from the same place loaded with salt. The Cecil and the Ella Warley are daily expected, also from Nassau—the Ella being the old Isabel, and having run in and out within two months, escaping the squadron when she last entered by help of a fog, but getting a shot in her stern from the

"It need not be supposed, however, that the blockade of Charleston is entirely ineffective. The number of vessels that have succeeded in getting in is an evidence of the great difficulties in the way of making it perfect. The Florida, James Adger, Sumpter, Flambeau, and Onward are the present blockading squadron—the Flambeau being here only for needed repairs, and to return in a day or two. No vessels of any draft enter the main ship channel, where the first stone fleet was successfully sunk and is still an effectual barricade. But the skill and ingenuity of the Charleston pilots are very great. Whenever a vessel is running out, small boats precede her with lights along Maffit,s channel; while for vessels from the outside signals are arranged, or they have pilots on board whose knowledge, aided by darkness and fog, enables them to baffle the viligance of the blockading squadron. Nor is any blockade often—perhaps never—so effectual that no vessel eludes it."

The Fortification at the Rip Raps.—The recent order of Mr. Secretary Stanton changing the name of the important work at the Rip Raps calls to mind the fact that an excellent one was suggested long ago by a citizen of Virginia, and for reasons so good that it is worth while to quote the following passage from Joseph Martin's Description of Virginia, published in 1834 or '36:

"It is a circumstance worth notice that the material for the structure of the Castle of the Rip Raps is drawn from most of the commercial States of the Union. In walking over the piles you behold the dark grey granite of Maine, the whitish blue and black speckled granite of Conecticut, the red freestone of the same State, the pied granite of the Susquehanna, the deep blue of the Little Falls of Potomac, and the ash colored of the James river.

"In this edifice, which is to form a stronghold, in a central position, defend our great naval depot, and to protect our naval power over the the ocean, and especially to afford a place of refuge to the commerce of the nation, each commercial State may point to a portion of the blended strength which it has contributed to the common structure. The Castle at the Rip Raps should then be called, as well from its use as from its origin, *the Castle of the* Federal Union; and when attacked by foreign or domestic assailants, it should run up with the ensign of 'the Federal Union' the watchword, '*it must be preserved.*'"

The railroad communication from Nashville to Louisville has been fully restored The Chattanooga road, which was torn up by the Rebels in their flight, has been repaired to Murfreesboro'. Gov. Johnson has been urged to levy a tax upon the Secession merchants at Nashville and vicinity for the repairs of the bridges destroyed by Floyd.—*N. Y. Tribune.*

The army of the Potomac has advanced forty miles in two weeks. Gen. Sigel went fifty miles in three days and fought three battles on the way.

EDITOR'S BOOK TABLE

The following publications have found their way to our table for the month:

THE CONTINENTAL MONTHLY.—This Magazine is full of able articles and is foremost in its advocacy of the emancipation doctrine, as urged upon Congress in the message of *President Lincoln*, on the 9th of March. Boston, J. R. Gilmore, 110 Tremont Street.

THE REBELLION RECORD.—This number of this valuable digest of the war, carries its Diary of events up to the 25th of October, 1861. It also has a full amount of *corresponding* documents, anecdotes and incidents, all of which will be found of great value and interest. G. P. Putnan, 532 Broadway, New York.

FRANK LESLIE'S MONTHLY.—This Magazine is full interesting matter, and embellished with engravings among which are those of Capt. Foote, U. S. N. Wm. Cullen Bryant, Bishop Ames, Hon. Hamilton Fish, Capt. Goldsborough, U. S. N. General Burnside, and Parson Brownlow, of Tennessee. 19 City Hall Square, New York.

ECLECTIC MAGAZINE.—This publication for April contains 23 articles and is embellished with a beautiful engraving of her Majesty, the Queen of Prussia. The subjects of the reading matter are varied and interesting. W. H. Bidwell, No. 5 Beekman Street, New York.

THE ATLANTIC MONTHLY.—This magazine has not shared the unfavorable influence which the war has had upon literature generally. Since the beginning of the year more than 10,000 copies have been added to its circulation,—a result at once highly satisfactory to its conductors and gratifying to the lovers of literature.

The conductors of the Atlantic accept this fact, as well as the unanimous verdict of the press for three months past, as an assurance that their magazine has reached a point of excellence which it has never before attained. They will not, however, pause in their efforts on this account, but will constantly strive to advance the standard already established. To this end they will go on in the same path which has lately been followed, and through which the Atlantic has been led to such general acceptance. The same thoughtful and patriotic political papers, from the best prose writers, will continue to lend power and dignity to its pages; and favorite poets *will evolve from the ever-shifting phases of our national affairs the lessons of the hour.* The two great *serial features* which have so firmly fixed public attention—*Professor* Agassiz's popular expositions of the science of Natural History, and James Russell Lowell's "Biglow Papers"—*will* be continued each month.

Still other features of extraordinary interest have been provided for the forthcoming numbers, and the conductors will always seek to present in the pages of the Atlantic the best and the freshest thought upon all topics.

BLACKWOOD'S MAGAZINE.—The April number of Blackwood's Edinburg Magazine, has a valuable list of contents. Leonard Scott & Co., 79 Fulton Street, New York.

GODEY'S LADY'S BOOK.—This number of Godey, has never been excelled for beauty and variety. The first plate, "Ask for it Nanny" is exquisite, next comes the beautiful colored fashion-plate containing seven figures, and another extension fashion, of *four* figures. Also seven more figures of Spring fashions, costume and Portrait of the Prince Royal of France, with a variety of other useful and ornamental engravings. But the most valuable of all to the ladies, is "The Science of Dress Cutting," with Diagrams, Louis A. Godey, Phila.

THE STUDENT AND SCHOOLMASTER.—This is full of attractive and choice reading, especially appropriate for the young. It contains a speech and dialogue, marked for emphasis and *gestures*, and a piece of Music. Galen, James & Co. 15 Cornhill Boston.

MERRY'S MUSEUM.—This is another excellent and amusing publication, for the young, and is always a welcome messenger in the family circle. J. N. Stearns 111 Fulton Street New York.

A Popular Commander.—The following complimentary allusion to Capt. William Brown, of the popular Bay State Steamboat Line, we clip from the columns of the New York *Herald*:—

"Why should William Brown, of Fall River, Mass., be styled the greatest, yet humblest captain in the world? Because devolves (Devol's clerk) with him to govern the Metropolis, (steamer,) and he depends upon Rice (steward) for his living."

For graceful courtesy, uneffected kindness and untiring watchfulness over the interests of his passengers, Capt. Brown, by general consent, bears off the palm. Whenever passengers to and from New York step upon the deck of his boat, they feel perfectly secure, because they know their interests are in the keeping of a capable and impartial as well as gentlemanly commander. A route employing such a class of officers deserves popularity.—*Fall River News.*

The Senate Naval Committee reported against allowing the sailors and men on board the sloop-of-war Cumberland, who lost their clothing in the late action with the Merrimac at Fortress Monroe, $60 each. It is well known that those poor fellows lost everything that they had, and yet the Senate refuse to allow them the small pittance of $60 to procure the necessary articles to keep them warm. It was recommended by the President and Secretary of the Navy.

LOCAL NEWS ITEMS.

VOTING DAY.—This day is *the* day, in the eyes of political wire-pullers, for which all other days are made. But being, as we are, in the midst of a direful civil war we did not anticipate any very perplexing party complications in the present Spring elections. Nevertheless, we reckoned without our host, for in the matter of Assemblymen we find three straight tickets in the field. Now, in reference to ourselves, having assumed not a *neutral* but an *independant* position in politics, we are in very much the same state of mind, as we gaze upon the arena of contest, that the woman was in the story of the fight between her loving husband and the bear, she being a disinterested spectator of the battle, and not particlarly exercised in her own mind as to the *particular* result.—Each of the three Assembly Tickets contain the names of men whom we both know and esteem, and if we have any wish in regard to the matter, it is that we might by some short process, economize our labors and kill three birds with one stone, as readily as the Western Inn Keeper did, who, when three persons entered his premises for refreshments, a policeman, a miller and a soldier, directed the servant to bring them seats by quoting the following line from a popular and patriotic song: "Three cheers for the red, white, and blue." So we would like to vote the whole three in one envelope, and thus accommodate the red R's., the white C's., and the blue D's. But this can't be done, owing to some technical legal obstacles. We therefore hope that in this case, the will may be taken for the deed. In reference to the Gubernatorial Ticket, we have a positive word to say. For, notwithstanding, the non-action of the Republican Convention, or whatever difference of opinion there may have been as to his claims, at the time of Gov. Sprague's first nomination, for the Executive Chair, there can be but one opinion now among all true patriots, and that is, that WILLIAM SPRAGUE has paramount claims to any office in the gift of his native State, obtained by right of the most meritorious patent, having literally, in the time of his country's greatest peril, fought his way not only to the gratitude of his own State, but to that of the Nation, and having, in the act of rendering his own fame national, carried the escutcheon of Rhode Island to a prouder elevation, if possible, than did the heroic deeds of her former prestige. The gentlemen, associated with Gov. Sprague, and especially Lieut. Gov. Arnold, like himself, are worthy of the suffrages of the people, and like him, really require no commendation at our hands.

We publish below the *three* Tickets as we find them on the Ward Tables.

THE CHRISTIAN WATCHMAN AND REFLECTOR.—We call the especial attention of those who are in the habit of patronizing religious newspapers, to the Christian Watchman and Reflector, published in Boston by Ford, Olmstead and & Co. This is one of the most valuable and readable of of our religious journals, although we have not, at present, the pleasure to reckon it among our exchanges.

It has received many highly commendatory notices from the press, both secular and religious, in all parts of the country, and no journal is more eagerly looked for, or more promptly received by its subscribers than the Watchman.

It has been established a long time, and enters this year upon its forty-third volume. It is, indeed, one of the oldest perodicals of its class, and although it is Baptist in its distinctive features, yet it possesses a wide breadth of relsgious reading and information. Its digest of current news is always full, yet succinct; its selections are made with a most discriminating taste, and its original articles are always able. Those especially, which have appeared in its columns, on the nature, conduct and progress of the present civil war, have been among the ablest that we have seen.—Among its contributors are some of the best writers, in our country, both secular and religious, and its high moral tone renders it a most healthy weekly visitor to the domestic circle. The price of subcription is two dollars per year, in advance. The agent for this city is Mr. Randall Pullen, who can always be found at the store of Mr. John D. Dennis, Broad St. ready to receive new subscribers.

JUST BEFORE HE DID HE DIDN'T.—A midshipman was yesterday escorting a young lady along Thames St. as gallant soldiers are wont to do, when they descried a neat looking pocket book lying directly in their path. The young Naval officer did not seem inclined to bother his head about trifles, but after they had passed on a few steps his fair attendant, happining to be a little more *thoughtful* than he, called his attention to the prize and sent him back to pick it up but just as our hero was about to grasp the treasure it suddenly vanished without so much as stopping to thank him for his trouble. Perhaps if he had read the fifth chapter of Habakkuk, as our Kitty essayed to do in the evening, he would have found that all such enterprises are uncertain on the 1st day of April.

AID FOR THE AGED ASSOCIATION.—We are requested to state that the annual meeting of this Association, will be held at the School house of Trinity Church, on Thursday, April 3d at 4 o'clock p. m. Subscribers are particularly invited to attend and will confer an obligation by bringing in the amount of their subcriptions.

ZION CHURCH.—Divine Service and Lecture this evening in the Chapel of this Church, at half past 7 o'clock. Subject—The Miracle of the feeding of the Multitude with the loaves and fishes.

LECTURE.—There will be a lecture at St Mary's Church this evening at 7 1-2 o'clock.

Subject:—Why Catholics do not take the Bible as others do."

Rhode Island's honored dead.—We find in the Boston *Herald* the following brief biographical notices:

COL. JOHN S. SLOCUM was born in Richmond, R. I., Nov. 1, 1824. He spent most of his earlier life at Bristol and acquired a good English, classical and commercial education. He rallied with the defenders of the Government at the time of the Dorr rebellion. In the Mexican war he was a Lieutenant in the 9th regiment, commanded by Col. Ranson and Major Seymour. He won the brevet of Captain by gallant conduct at Contreras. At Chepultepec, where Ranson fell, Slocum's gallantry gained him the commission of Captain. After the war the 9th was disbanded, and Capt. Slocum returned to civil life. He subsequently took command of the Mechanic Rifles of Providence. His military taste led him to interest himself in James' new projectile, which he sought to introduce into Europe, and in testing which he nearly lost his life. In 1860 he was one of the Examining Board at West Point and, as Secretary, made the report of the visitors. When the rebellion broke out he was commissioned as Major under General, then Colonel Burnside, and was subsequently made Col of the 2d regiment. At Bull Run Slocum's Regiment opened the battle and the enemy gave way under his steady charges, but he fell mortally wounded in the hour of his triumph. His career as an officer has been distinguished throughout by his bravery, and the great affection of his men for him.

MAJOR SULLIVAN BALLOU was born at Smithfield, R. I., March 28, 1829; his early education was acquired at Rochester, N. Y., to which place his family had removed. In 1846 he entered Phillip's Academy, Andover, Mass., where he staid two years. He then entered Brown University and after two years of collegiate study fitted himself for law at Ballston, N. Y. He was admitted to the Rhode Island bar in March, 1853, at Smithfield, where and in Providence, he pursued his profession till the war broke out. He was Clerk of the House of Representatives of Rhode Island during the years 1854, 1855 and 1856.—He was elected a member of that house, as representative of his native town, in April, 1857, and was unanimously chosen speaker. He was a member the following year, but declined the Speakership. He accepted the office of Major when Col. Slocum's Regiment was formed. He proved a meritorious officer. At the march on Manassas he was the first to reach and plant the flag upon the first, works of the enemy which they descried.

On the day of the battle, after crossing Bull Run at Sudley church, while leading on his men to the charge, he was struck by a cannon ball, which killed his horse and shattered his leg. He was borne off the field to Sudley church, and there breathed his last. He had married, in the Summer of 1855, Miss Sarah Hart Shunway, of Poughkeepsie, New York, who with their two children mourn his early loss.

CAPT. LEVI TOWER was born at Meudon, Mass., August 18, 1835, but has always lived at Pawtucket. He received a fine preparatory education, but was unable to complete a collegiate course on account of his ill health. He was subsequently a clerk in a manufacturing establishment.—He went to the war as Second Lieutenant, but was promoted to be Captain, and fought bravely at Bull Run till he fell.

Cotton Planting in India.—Mr. Harwood, an agent sent out from England, to examine into the cultivation of cotton in India, has recently published a report of his extended observations in that peninsula. He has conversed with the peasants in most of the cotton growing districts, and states that they are eager for American seed, to improve the system of cultivation, and to obtain the handsome profits likely to accrue from it. He expresses his firm belief, further, that they stand ready to supply Europe with all the cotton that may be wanted, excepting perhaps the finest qualities; and that as soon as they can be properly set at work upon the task. But to induce them to commence, large advances must be made upon the crops; or rather these must be paid for before they are gathered from the fields. The Indian laborer, however, in this respect would only follow the example of our own Southern planters for the last twenty years. That the funds required will be furnished in abundance the present season, there is not the slightest reason to doubt. Another item in the aggregate cost of insurrection.

Alfred Pike not a Native of Essex.—We are glad to state that Albert Pike, the renegade New Englander, and rebel leader of the Indians, was not a native of this county as has been commonly supposed. He was born in Boston Dec. 29, 1809, the son of a worthy journeyman shoemaker, and when four years old removed to Newburyport, receiving his early education in the district schools of that town and at Framingham academy. At the age of 16 he entered Harvard College, but being unable to support himself there became a teacher in Newburyport and Fairhaven. In 1831 went West, passed a year or two in New Mexico, and finally settled in Arkansas, where he has been a teacher, editor, and since 1836 a lawyer. His treason has destroyed the good name and fame which he once possessed.—*Salem Register.*

Clippings.

[From the Louisville Journal.]

THE troops that whipped the rebels at Newbern were as raw Yankees as ever Dan Marble or Yankee Silsbee personated on the stage. Some of them, after having most gallantly carried everything before them in the fight, are said to have turned a few honest pennies by swapping knives and watches with the people of the conquered city. What do our Southern friends, the fire-eating chivalry, think of all that? Isn't it *too* bad?

THE Southern Government is all the time issuing proclamations. It talks too much. We are disposed to say to it as the man said to his wife when she was speaking her patting words to him in her last moments—"Pooh! pooh! don't trouble yourself to talk, but go on with your dying."

THE abolitionists say that slavery has committed suicide. Then do they not show themselves Vandals in offering so many indignities to its dead body? Need they make fiddle-strings out of its sinews and finger-rings, breast-pins, buttons, snuff boxes, and knife-handles out of its bones?

GEN. ANDY JOHNSON goes to Tennessee with the olive branch in his hand, but it is such a big and knotty one that Andy, if need be, can slay as many of the rebel Philistines with it as a man of not much more strength did with the ass's jaw-bone.

A MAN in Memphis writes to his friends in Richmond, "we have no noose here at present." He needn't be troubled on that score; there will be an abundant supply of the article in that quarter by-and-by.

Honor to whom Honor is due.—Next to Lieut. Worden, the commander of the Monitor, and Chief Engineer Steners, credit is due to the officer who piloted her during the engagement with the Merrimac. The pilot who took her round from this city did not go into the desperate action, but his place was supplied by Samuel L. Howard, of Newport, R. I., sailing master of the U. S. bark Amanda, then lying in Hampton Roads, who witnessed the fight between the Merrimac and the Congress and Cumberland. When the Monitor hove in sight, Mr. Howard, by permission of his commander, boarded her, and finding her without a pilot who was willing to go into the encounter with the Merrimac, volunteered his own services and was accepted by Lieut Worden. During the whole of the fight he was in the pilot house, which was repeatedly struck, and considerably damaged. His position was probably as much exposed as that of any one on board, but he sailed the boat with consumate coolness and skill, and his services are certainly deserving of recognition.—*New York Tribune.*

REAT INDIAN REMEDY

For Females.

r. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, posses- ng virtues unknown of anything else of the ind, and proving effectual after all others ave failed, is designed for both *married and ingle ladies*, and is the very best thing nown for the purpose, as it will bring on he *monthly sickness* in cases of obstruction, from any cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold without a *single failure*, when taken as direct d, and without the least injury to health in *any case*. ☞ It is put up in bottles of three different strengths, with full directions for using and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M.*, or *at his office*, rear of No. 28 Union Street, Providence, R. I.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and end for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures ou have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2.00.

Dr. Mattison's Sirop Anti-Syphilitique,

For Secondary, Tertiary and Hereditary Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded*.

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter who* their *pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted refrances and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash*, and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5, sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. GRIFFITH, President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agents, New York; to P. T. 1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these articles than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars*, about half price, to any person wishing to test his or her skill in selling with the view of becoming an agent. They can be sold in a day.— ☞ *We would rather pay salaries than Commissions to those who prove themselves efficient salesmen.*

☞ Now is the time to go into the business. For address and references see above.

THE CONTRABANDS.

NEW YORK, April, 2.

The Herald's Washington despatch says the disposal of the thousands of contrabands that have flocked within the lines of the Union army at various points is troubling the wisest of the abolitionists in Congress. They find they have purchased an elephant. Nearly all the Western States have constitutional or legislative provisions excluding free negroes from residence within their limits.

YOU DONT SAY.

New England is regarded as the only available refuge for contraband. It is proposed now to colonize them in Mass., where they can be taught a variety of industrial pursuits in warm and comfortable work shops, which will reduce the cost of labor in Massachusetts.

SACRILEGE.

A citizen of Cambridge Mass. went to Bull Run to recover the remains of his brother who belonged to a Boston Company. He gave an account of the sacrilege committed upon the graves of our soldiers, by the rebels. About 20 of a Boston Company, and Chelsea Company had been buried near each other but every skull had been taken away and nearly all the principal bones of the bodies were gone. Some of the bodies had been dug out and others pried out of the graves with levers and in some cases the sleeves of uniforms were split to obtain the bones of the arms. It was described as a sickening spectacle.

PERMITS.

From and after this date, permits or passes to cross the Potomac within the lines of the Federal Army, will not be required of citizens. Officers and soldiers will be required to exhibit passes to come from the Virginia to this side of the river.

THE FISHERIES.

The restrictions have been removed from the fisheries along the Potomac, and also from the trade upon the Chesapeake and Ohio Canal.

RETURNED.

The Naval Committee and other members of Congress and their friends, returned today, from Fortress Monroe where they had a pleasant and interesting visit, they report the preparations for taking care of the Merrimac, should she venture out, are of the most complete and formidabe character.

REBEL FORCE.

The Times Washington despatch, says, that prisoners taken on the recent reconnoisance, to the Rappahannock, state that the Rebel force in that vicinity, consists of 8 regiments of Infantry, 2 of Cavalry, and 6 pieces of artillery. Gen. Everett, of Drainville, was in command.

CAPTURED.

On the return of our forces to Warrenton Junction several soldiers who contrary to strict orders left the main column and wandered beyond the lines were captured by the rebel scouts following in our rear. Being well acquainted with every by path and in many instances disguised as farmers, the rebels hover around the outskirts of our Army and frequently succeed in picking up small parties of our men, who contrary to command go out on fool hardy foraging expeditions.

FREDERICKSBURG.

Information has just been received from the lower Potomac that contrabands from Fredericksburg report that town now occupied by 30 Regiments of the enemy, the main part of which have arrived there within the last three days.

They also report the Steamer St. Nicholas and one other, which formerly plied to different points on the Rappahannock, is being held in readiness to transport rebel troops down the Rappahannock to some point. Other rebel troops are reported as having gone down the York River to reinforce the enemy's position at the mouth where the Rebel Batteries are small.

ACQUIA CREEK.

Detachments of rebel Cavalry still occupy Aqua Creek as far up as Dumfries. Another magazine has been found at Shipping Point containing a large quantity of shell.

MILITARY.

The Tribune's despatch says that the Senate Military Committee dissenting from the rule, the Volunteer officers must select for promotion in their own service only, which will give effect to their view that vacancies in the regular army should be filled by men from the volunteer regiments in preference to civilians.

PRESENTATION.

Mr Ames of the Checopee Mfg. Co. has presented flag officer Foote with a sword, and Lieut. Worden with a cutlass.

WHOLESOME BREAD,

SAMUEL KIDDER, & CO'S

IMPERIAL YEAST POWDER,

A new article, which is pure, reliable and economical.

I have analyzed Samuel Kidder & Co's "Imperial Yeast Powder," manufactured by Messrs. Daniel F. White & Co., and found the base of vegetable origin to be so adjusted as to form a new and superior article for raising dough. It produces, with even ordinary flour, white, spongy and perfectly wholesome bread, and retains its power of action under exposure. Being free from mineral acids, and dangerous metallic salts, it should be preferred to compounds, frequently sold as yeast powders.

POSTSCRIPT.

THE ADVANCE.

WOODSTOCK, VA, April 1st.

Gen. Banks advanced from Strasburg, this morning, towards this point. When approaching the town, Ashby, with Cavalry, Infantry and a Battery, disputed the passage. We passed through the town, the Rebels frequently stopping and throwing shell, to which we responded with effect. Gen. Banks pursued them to Edinburg, five miles south. Ashby's burning 2 turnpikes and 1 R. R. Bridge. All the R. R. Bridges between here and Strasburg had been previously burned. One killed in the 29th Penn. Regiment and one of the 2nd Mass. Regiment received a rifled ball in his belt plate, through it was harmless.

LATER.

WOODSTOCK, April. 2. 8. a. m.

Our guns and musketry drove the enemy from Stoney Creek near Edinsburgh at 7 o'clock this morning. They were in line of battle within range probably none but Ashbays command. Our forces will build a bridge over the creek to-day. All was quiet during the night. It is not known if Jackson's forces were engaged yesterday.

SHELLED OUT.

PHILADELPHIA, 2.

A private letter dated on Board the Seminole says: The Seminole, Wyandotte and Norwich under command of Capt. Gill, senior officer proceeded up Wilmington River arriving within a mile of the batteries. They dispersed the rebel Cavalry by shell. The batteries were then shelled and the rebel forces fled, leaving everything behind, even their dinners. Capt. Gill landed, hoisted a flag on the ramparts and another was hoisted on the rebel headquarters by acting master Steele.

The Batteries were destroyed. A dwelling being spared which was afterward burned by the rebels. The batteries were well built and mounted 10 guns. The squadron return to Warsaw Inlet. Fort Pulaski has not surrendered but must do so shortly.

FROM FORT MONROE.

FORTRESS MONROE, April, 1st.

A flag of truce from Norfolk brought down letters from the federal prisoners and a despatch from Gen. Huger to Gen. Wool.

FROM THE SOUTH.

The Norfolk papers noticing the military movements at Old Point says that larger reinforcements are landing, and that at last 100 large steamers and transports are at the wharves and in the channel.

A Despatch from Charleston says that Gen. Evans advanced on Saturday on North Ediston Island with 2,000 troops, but finding the Federals at least 6,000 strong returned in a masterly manner. It does not say whether there was any fight.

FORT PULASKI INVESTED.

The Gunboat Seminole has arrived with Port Royal dates of Saturday last. Fort Pulaski had been thoroughly invested for 30 and days was momentarily expected to surrender. It was said that there were about 500 rebels in the Fort and they had offered to go with the honors of war, but Gen. Sherman demanded their unconditional surrender and would on the 1st of April open upon the Fort if they still refused.

The Rebels have withdrawn all their forces from the coast of Georgia and had about abandoned their works, at Thunderbolt, taking all their guns to Savannah.

The Seminole landed a force and destroyed Thunderbolt fort, which is within 5 miles of Savannah, over a good shell road. Refugees from Savannah, say that friends of the troops, in Foot Pulaski, have offered 30,000 dollars, to any one who would rescue them.

A refugee from Charleston represents that there is a great panic there since the capture of Newbern. women and children are leaving and it is the general expectation that a terrible blow would be struck.

From Florida the intelligence is mostly gratifying. A Union sentiment was strongly developed.

The Richmond despatch of to-day says the grand army of the federals seems to have been transferred from the neighborhood of Washington to the Peninsula which they have concluded is a shorter and easier road to Richmond than that via Manassas which we have courteously placed at their disposal.

The Dispatch says the roads on the Peninsula are as bad as those on the Potomac, and that Gen. Magruder is not likely to be caught napping.

There was a rumor in Richmond yesterday that there had been a severe fight on the Peninsula, probably caused by the fact of a strong reconnoisanc towards Yorktown on Saturday.

FROM WASHINGTON.

WASHINGTON, 2.

Intelligence has been received here from Richmond via Baltimore that the rebels were sending their tobacco to the interior towards Danville and Faresville and beyond Petersburg.

It is added that private citizens have no control over cotton and tobacco, the military having assumed charge of them.

PROF. L. MILLER'S

HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above *facts*, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls —hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also; L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

Medicines.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.

It is

PROF. O. J. WOOD'S RESTORATIVE CORDIAL

AND

BLOOD RENOVATOR:

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES, THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assault of disease. It is a chemical compound so skillfully combined that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Pysche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Porf. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*

ECONOMY IS WEALTH!

CURE YOUR COUGH FOR ONE DIME!

The BEST and CHEAPEST Household REMEDY in the World.

Madame ZADOC PORTER'S

Great Cough Remedy.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!—Do not be persuaded to purchase at 4s. to $1 which do not contain the virtues of a Dime Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other.—Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts and take no other. If you cannot get it at one store, you can at another.

☞ Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at 20 cts.

BY ORVILLE J. VICTOR.

530 Pages in large 8vo, beautifully printed, with catch notes.

Bound in Muslin, price $2,00

The *entire* press of the country has bestowed upon this work *unanimously* the highest encomiums. The Louisville Journal of October 8th, 1861, says of it:—

"It is a work of the highest merit. In fullness, completeness, accuracy, and logical as well as chronological dependence, it leaves nothing to be desired. We reckon the value of this work above price. It meets suitably the great literary demand of the hour. *It is a work the lack of which would prove with posterity a cause of special reproach to our day and generation.* Let everybody subscribe for it."

This work should be in every loyal family; it is a necessity for present information: and in future days will be read with interest by children and grandchildren, as a memorial of the present most important era of our National History.

Vol. 2 will be issued in May, and Vol. 3 in September, 1862. But the work is continued also, as heretofore, in weekly parts at 10 cents, and monthly parts at 40 cents. For sale at all the book stores and news depots. Orders to be directed to
